

ANDERSON ARRIVES.

Met With Thrilling Experience at Sea.

Blown Hundreds of Miles Out of Her Course and Encountered Two Hurricanes—Other Marine Notes of Interest to Mariners and Laymen.

The three-masted schooner Geo. W. Anderson arrived yesterday from New York after a thrilling experience at sea. She encountered two hurricanes, was blown hundreds of miles out of her course, lost her rudder and for many days was at the mercy of wind and waves. The schooner was loaded with cement and her bulky cargo threatened to send her to the bottom with all hands aboard. Captain Mundie stated he left Sandy Hook for Norfolk November 2d. Three days afterwards the Anderson was struck by a terrific northeast hurricane and the vessel became unmanageable. The rudder was torn from its socket and, helpless, the vessel was blown several hundred miles east of the Gulf stream. A temporary rudder was rigged and the schooner managed to get near Body Island, when she met a second hurricane, and was again blown out to sea. With difficulty the vessel was hove to and Tuesday sighted Cape Henry, arriving here yesterday.

CRUISERS TO COAL HERE.

The French cruisers La Cecille and La Suffren will be coaled by William Lamb & Co. in Hampton Roads, instead of at Newport News, as has been reported. The cruisers will leave Baltimore in a few days and remain in the Roads perhaps a week. The business men are apparently taking but little interest in the arrival of the distinguished visitors, and they must needs be fed mortified if, after being entertained by the people of Baltimore, New York, Annapolis and even President McKinley, they meet a chilly reception here.

RESCUE COMES IN.

The wrecking steamer Rescue arrived in port yesterday from New York, where she had towed the German steamship St. George, which was recently wrecked on the Cuban coast. The floating of the huge steamship was quite an undertaking, but was successfully accomplished by the Merritts.

MONONGAHELA IN ROADS.

The training ship Monongahela has returned to Hampton Roads from York river, where she had successful gunnery practice. The young midshipmen and future admirals proved themselves expert marksmen and many a bobbing target was smashed because of their unerring aim.

ANNAPOLIS IN COMMISSION.

The gunboat Annapolis went into commission at the navy-yard yesterday and will shortly sail for the China station, where she will do patrol duty. Being of light draught, and as China has innumerable shallow rivers, the Annapolis is expected to do good duty in the way of protecting American interests during these troublous times.

Y. M. C. A. Notes.

The next event at the Young Men's Christian Association will be the address to-night by Prof. Charles Sheriff Maurice on "Pilgrim's Progress." Prof. Maurice uses a very fine optical lantern with magnificent colored views, ninety in number which are thrown on the screen about fifteen feet square. The lecture is intensely interesting from start to finish. Bunyan's "Pilgrim's Progress" is considered, without a doubt, the most extraordinary book in the English language other than the Bible itself. Regard being had to the condition of its author and the circumstances connected with its production, to its widespread popularity, and its suitability for readers of every class, there is none to compare with it. The book is so well known that any information concerning either it or its author seems superfluous.

Prof. Maurice gives much added pleasure to a reading of the book by the beautiful views. He gives the lecture entitled "Lost in London" entirely without the aid of notes, and the lecture comprises one hour of delight and pleasure.

Prof. Maurice delivered his address at the Boys' and Men's meeting two Sundays ago, and every one was well pleased that he was secured to repeat it last Sunday at both of the meetings.

The admission to-night to the pictorial "Pilgrim's Progress" will be twenty-five cents adults and ten cents to children. The hall should be filled with parents and their children. This is a sermon that children will never forget. A gentleman remarked a day or two ago that he saw "Pilgrim's Progress" illustrated when he was a boy, and certain truths he learned there had been of much help to him all of his life. The lecture being as it is illustrated, with such fine views, it reaches a child both through the ear and eye, and therefore makes a double impression on the brain, and will be remembered twice as long as otherwise.

BRIEF ITEMS OF INTEREST.

We are glad to learn that Mr. J. C. Yarbrough, who has been seriously ill at his home, in Brambleton, for the last ten days, is now improving, and it is to be hoped, will be out in a few days.

There will be a fancy party this afternoon at 3:30 o'clock at Monticello Hall, for the benefit of Ohef Shalom Temple fund.

Collector of Delinquent Personal Taxes R. T. Brooke has appointed as his assistant Mr. William J. Duff. The position pays \$50 per month. The advisability of continuing the office of assistant collector will be considered by the Council two months hence.

The committee which has charge of the arrangements for the smoker of the Spanish-American veterans is striving to make the reunion attractive and memorable. The smoker will occur on Wednesday, the 21st, at 8 o'clock in the Armory Hall. The committee is preparing to entertain a large crowd.

VIRGINIA CONFERENCE OF THE M. E. CHURCH.

Continued from Page 2.

cloud auditorium being filled, while many persons contented themselves with standing room throughout the service.

The occasion was the opening sermon before the Conference by Rev. H. H. Bennett, of St. James M. E. Church, Richmond.

Mr. Bennett selected as his subject "The Fatherhood of God," taking as the foundation of his discourse Matt. 6:9: "Our Father who art in heaven."

After an appropriate introduction, in which reference was made to the dawn of Christianity, a description of the true knowledge of God and the moral law, the talented young divine discussed the theme under the following general heads:

I. Creation.
II. Preservation.
III. Authority, showing the need of repentance and the infinite purity of the Father.

IV. All men may say our Father, but must know and feel the blessed, glorious truth, God has His mysteries of grace. In the discussion of this point the eloquent preacher drew a beautiful lesson from the Galveston flood.

V. Omnipotence the certainty of victory.

VI. Love not in nature, but on Calvary.

VII. Reunion at the old home.

Here Mr. Bennett described a recent voyage across the ocean on his homeward trip and the longings for childhood and home, and aptly applied the figure to the Christian's final voyage across the Jordan, of death to the bright shore beyond not made of batlements and towers, but home in its glorified sense. He described the Gospel ship on its voyage to the heavenly land and its safe arrival at the port of eternal bliss, where the redeemed and ransomed of the Lord well know and realize in its fullest sense what is the Fatherhood of God.

The sermon was rich in thought and chaste in language, holding the vast audience spellbound throughout its delivery. The discourse was a masterful production, and showed the most careful and thoughtful preparation.

Bishop Duncan occupied a seat in the chancel with several other members, while Drs. A. C. Smith and H. E. Johnson were in the pulpit.

During the service the choir rendered several choice selections.

NOTES.

Bishop Duncan presides with grace and dignity, and shows that he is thoroughly familiar with the arduous duties devolving upon him as presiding officer. In conducting business he is not dissatisfied to be so-called, but he is prompt in bringing the conference to order when necessary requires it. At times during the session yesterday there was considerable disorder growing out of much talk in the church, which caused the Bishop to remark that it was difficult to decide whether it was a conference room or "conversation hall," and if those who were engaged in talking would agree to divide time with the conference he would let them get through and then proceed with the business of the body. He got off a witticism on two of the preachers who, in the passage of characters, were exceedingly complimentary to two of their presiding elders. When they had finished what they had to say the Bishop remarked that the ministers in question were settling in to some advance work, and that they must be looking out for their appointments at the adjournment of conference, which will be largely controlled by the presiding elders.

Rev. John Q. Rhodes, Bishop of the "Kitchen Cabinet," which is usually held in the basement, has not as yet called his body together, and it is not known at this writing what will be his forecast of appointments.

The election of Rev. J. T. Martin, of Berkeley, to the financial agency of the proposed Conference Orphanage, creates a pulp vacancy at the Chestnut Street Church which will have to be filled by a new man at this session of the conference. Among those mentioned for this election are Dr. John Hannon, who was recently transferred from California back to the Virginia Conference, and Rev. W. Asbury Christian, who has just closed his fourth year with Centenary Church, Lynchburg.

Rumor has it that Rev. P. E. Shipp, of Fairmount Avenue, Richmond, who was transferred to this conference last year, will return to the Florida Conference at this session.

There is some talk of Rev. W. B. Beaulacamp, who is now at Broad Street Church, Richmond, coming to Norfolk, but this is hardly probable, as he has been at Broad Street only one year and has done a fine work there.

The following members have died during the past conference year: Rev. A. G. Brown, D. D., at Ashland; Rev. R. H. Mullen, at North Mecklenburg; and Rev. R. M. Saunders, at Lynchburg.

The only presiding elder who has served out his four years, and who will have to be given another appointment, is Rev. Wm. P. Wright, of the Danville District.

Rev. Chas. D. Crawley, now at Union Station, Richmond, it is thought, will be either made a presiding elder or be sent to one of the Mathews Circuits.

Dr. Paul Whitehead, who was re-elected secretary of the conference yesterday, has filled the position for forty-one years consecutively with signal ability and with entire satisfaction to the conference. His re-election yesterday is a graceful compliment to him and an acknowledgment of his superior qualifications for the position.

It was announced yesterday that Rev. R. L. Martin, who was assigned to Woodlee at the last conference, has connected himself with the M. E. Church.

MISTRIAL FOR ADAMS.

After Two Hours the Jurors Reported a Disagreement.

Two Negroes Fight and Both Hurt and in Prison—A Family Quarrel in Which Rosa Johnson and Geocaster Graves Lead and Fight.

Charles Adams, the young man who fired five shots, without effect, at Harry V. Stokes, at the City Market, was tried in the Corporation Court yesterday. The prisoner was rebailed. The trial yesterday attracted quite a crowd to the court room, but the evidence in the main was the same as given at the preliminary hearing in the Police Court. Adams, it will be remembered, was warned to keep away from the Stokes residence, in Huntersville. Adams had been keeping company with Miss Stokes, and her brother, Harry Stokes, testified he found Adams an unfit companion for his (Stokes') sister. Stokes thrashed Adams one night in Huntersville, and the latter lay in wait for Stokes as he went to his work. When opposite the market, Adams jumped from behind a door, pulled a pistol and fired five shots at Stokes. The defense endeavored to prove that Stokes was armed on the morning of the shooting, as a pistol in a holster was found near where Stokes fell when the latter fled from the shots of Adams. The prosecution produced a new witness in the person of a small boy, who declared that Adams had two revolvers on the morning he blazed away at Stokes. The jury was out about two hours and announced they could not agree. The case will come to trial at the next term of the Corporation Court.

TWO NEGROES FIGHT.

Dennis Wilson and Samuel Walters, negroes, became involved in a difficulty yesterday afternoon at the foot of Nebraska street. Wilson, picked up a four-pound rock and hurled it at Walters. It struck the latter on the head, making a wound which took two stitches to close. Both men were arrested and locked up. The men were employed unloading bananas on the steamer Donald, and the trouble, it is said, originated over a woman.

A FAMILY QUARREL.

Rosa E. Johnson, colored, charged with hitting off the thumb of Geocaster Graves, colored, was tried in the Corporation Court yesterday and acquitted. The case involved a family quarrel, in which a corpse and a chicken were frequently mentioned as the causes of the jars between two families living in the same house.

SERMONS ON TEMPERANCE.

MINISTERS REQUESTED TO PREACH ON THE WORLD'S DAY.

The Norfolk Union of the W. C. T. U. met at the Y. M. C. A. yesterday, with the president, Mrs. R. H. Jones, in the chair and Mrs. Hayes as secretary.

Arrangements were made to hold an interdenominational Sunday school teachers' meeting on Thursday night, November 22d, in view of the following Sunday being the world's temperance day. All the ministers of the city will be requested to preach one temperance sermon on that day.

Arrangements were made for the distribution of literature among the various Protestant churches of the city, on the benefits of the use of unfettered wine at the communion.

The New Regiment Band.

The Seventy-first Regiment Band, recently organized in this city, is expected to make its first public appearance early next month. The members met for practice in Armory Hall last night and were introduced to Professor Facenda, who has been engaged as director. Professor Facenda is a skilled musician, and has been connected with several notable bands. He is equally good as a soloist and as a leader. His players were highly pleased with his work last night, and it is not too much to say that Facenda was pleased with the material in his band, as the players almost without exception are veteran hands. There are now eighteen in the organization, but it is expected that the membership will be increased to 25.

Postponement.

The sermon which was to have been preached by Rev. Dr. W. J. Young before the Norfolk City Mission Board at Epworth Church Friday night, on "The Cities of Christendom the Key to the World's Redemption," has been postponed on account of Dr. Young being unable to fill the appointment on the date named.

A HARD WORKER.

One of the "Kings" of the Coast.

Mrs. L. S. King, of Concord, Cal., is State organizer and lecturer for the W. C. T. U. of California. She had been carrying on her work with the proper food to sustain her body, and says: "Before I found Grape-Nuts food I was suffering seriously with indigestion and my mind had become sluggish and dull, the memory being very much impaired."

"Hearing of Grape-Nuts as a food for rebuilding and strengthening the brain and nerve centres, I began its use. In two months I have gained four pounds in weight, never felt better in my life, and find a most remarkable improvement in my memory and mental activity. I never stood the fatigue and pressure of work as well as I do now. A short time ago I went to a new country, worked twenty-two days, almost day and night, without rest, and came home feeling fine. You may be sure I take Grape-Nuts food with me so that I may depend upon having it."

AMUSEMENTS.

DUCHEMIN'S VAUDEVILLE.

A very agreeable surprise was afforded those who witnessed the performance at the Academy of Music yesterday, matinee and night. The performance given by the company, which had been billed as Duchemin's Vaudeville Novelties, merited a much larger audience than was present, and those present thoroughly enjoyed themselves, manifesting their appreciation by frequent and liberal applause. Each number on the bill was worth seeing, and several of the teams rank at or near the top in their respective specialties.

MATHEWS AND BULGER.

Any man who will tell you that the great fault of the farce comedy is that, after starting out in a lively manner, it runs into a variety and does not sustain the interest. This year Mathews and Bulger, who appear at the Academy Saturday, matinee and night, claim to have a play which reverses the usual rule. The management state that the first act is moderately funny; the second act is very funny; and the third act is one long howl of laughter. It would be a reasonable success without an extraordinary success, so the specialties are merely put in for good measure. Sale of seats commences this morning. Prices, 25c. to \$1. Matinee, 50c.

BRAMBLETON.

Miss Lillie Cardozo, daughter of Mr. and Mrs. Walter Cardozo of West Brambleton avenue, and Mr. Charles A. Duncan, of 827 Tansill avenue, were united in the bonds of holy wedlock in Elizabeth City Monday. The happy couple have returned.

Miss Rebekah C. Hammack, No. 212 Lovitt avenue, celebrated her seventeenth anniversary at her home last night, when there was a large gathering of her young friends to enjoy the festivities of the occasion and to congratulate her upon the happy event.

A WHOLE VILLAGE

Attacked by Grip—One Family escapes by Using Pe-ru-na.

WINONA, STARK CO., IND.

During the winter I and my family of six were taken with la grippe. The disease was very prevalent at that time in the village where I resided, nearly everyone being sick with it. Our doctors treated it as best they could, but were very unsuccessful in the treatment of it. As soon as my family were taken sick I went to the drugstore and bought six bottles of Pe-ru-na, and we all took it according to the directions given on the bottle; and although our cases seemed to be more than usually violent in the outset, yet our recovery was prompt, and we were all well much sooner than those who were treated by the regular physicians.

Many people died of this la grippe during this epidemic, and few if any, were sick so short a time as myself and family. After we were all well we had one bottle of Pe-ru-na left.

CURED AS SOUND AS A DOLLAR.

Emaciated, Pale and Badly Run Down by Catarrh!

HE IS ENTIRELY WELL NOW

Mr. Gortley says: I WAS BADLY RUN DOWN LAST SPRING AND SUMMER BY CATARRH of the nose throat and stomach. I WAS SO PALE THAT MY FLEXION WAS JUST THE COLOR OF WHITE WAX AND ANYONE COULD TELL JUST BY LOOKING AT ME THAT I WAS A VERY SICK MAN. THAT TIME I WAS EMPLOYED AS A TRAVELING SALESMAN AND I CONSULTED MANY PHYSICIANS IN THE VARIOUS CITIES I VISITED. MORE THAN A DOZEN DOCTORS IN DANVILLE, LYNCHBURG, STAMFORD, CUMBERLAND, MD., AND NORFOLK TOLD THEIR SKILL IN MY CASE BUT I COULD NOT GET ANY RELIEF UNTIL I PAID OUT OVER A HUNDRED DOLLARS IN FEES BUT WITHOUT BENEFIT. THEY DID NOT SEEM TO KNOW WHAT I WAS DOING OR WHAT TO DO TO REMEDY MY TROUBLE. IF I HAD BEEN STAYING IN NORFOLK I WOULD HAVE CONSULTED DR. PIERCE AT ONCE, BUT BEING ON THE ROAD I TRIED OTHERS AND DID NOT GO TO HIM UNTIL I HAD GIVEN UP ALL HOPE OF GETTING RELIEF ELSEWHERE. UNDER DR. PIERCE'S TREATMENT I BEGAN TO IMPROVE AT ONCE AND I PROCEEDED STEADILY UNTIL NOW AFTER A COUPLE OF MONTHS' TREATMENT I FEEL AS WELL AS I EVER DID IN MY LIFE. I HAVE KNOWN DR. PIERCE TEN YEARS AND KNOW THAT HE IS A SKILLFUL PHYSICIAN AND CONSCIENTIOUS GENTLEMAN, WHO GIVES ME PLEASURE IN RECOMMENDING TO THOSE WHO NEED HIS SERVICES.
